a mom is always a mom whether she has an infant a teen or a middle aged son or daughter

from the moment her kids are born she will always be concerned about their well being she will perform the mother s role forever always worrying about them no matter their age even though my kids are adults now i still keep my cell phone on the bedside table when i sleep at night just in case they need me it s an old habit but i can t help it there is no proven need for that and i shouldn t be their emergency response in the middle of the night but still i am a mom to the core even though every mom wants her kids to mature grow up and find their path in life it s not easy to embrace their independence they will choose to do things their own way which in her eyes might seem reckless dubious or risky in other words built on sand as a result she scrambles to find peace of mind over their choices in life but she can still have a quality life and enjoy happiness no matter what is going on in her kids lives she simply needs to pick a different tactic
