a comprehensive guide to reading and understanding financial reports financial reports provide vital
 information to investors lenders and managers yet the financial statements in a financial report

seem to be written in a foreign language that only accountants can understand this comprehensive version of how to read a financial report breaks through that language barrier clears away the fog and offers a plain english user s guide to financial reports the book features new information on the move toward separate financial and accounting reporting standards for private companies the emergence of websites offering financial information pending changes in the auditor s report language and what this means to investors and requirements for xbrl tagging in reporting to the sec among other topics makes it easy to understand what financial reports really say updated to include the latest information financial reporting standards and regulatory changes written by an author team with a combined 50 plus years of experience in financial accounting this comprehensive edition includes an ancillary website containing valuable additional resources with this comprehensive version of how to read a financial report investors will find everything they need to fully understand the profit cash flow and financial condition of any business

science and faith can and do support each other science and christianity are often presented as opposites when in fact the order of the universe and the complexity of life powerfully testify to intelligent design with this comprehensive resource that includes the latest research you ll witness how the findings of scientists provide compelling reasons to acknowledge the mind and presence of a creator featuring more than 45 entries by top caliber experts you ll better understand how scientific concepts like intelligent design are supported by evidence the scientific findings that support the history and accounts found in the bible the biases that lead to scientific information being presented as a challenge rather than a complement to christianity whether you re looking for answers to your own questions or seeking to explain the case for intelligent design to others the comprehensive guide to science and faith is an invaluable apologetic tool that will help you explore and analyze the relevant facts research and theories in light of biblical truth

this useful handbook provides educators with a practical understanding of the laws that are in place to protect the children with special needs that they support written in a user friendly q and a format it covers all of the key areas of special education law including free appropriate public education related services and discipline

why you need this pmp guide coverage of the 100 of the exam content lots of figures and tables for faster preparation itto made easy with diagrams and built in text simple explanations for difficult concepts synopsis and formulas section for reference before the pmp exam easy to follow layout 400 sample questions with detailed explanations full length practice exam tips for practical project management how to for microsoft project mpp application this book is a must have for those preparing for pmp certification it is different than existing books because we believe that pmp preparation can be quick and efficient we have read the existing books and taken the pmp exam and we have found that most books contain unnecessary content reduce your preparation time there are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time this book has text that is concise and relevant for the exam figures and tables there are 200 figures and tables in the book when text is needed to explain the figure the text is embedded into the figure rather than forcing you to read long paragraphs and pages of commentary to find relevant material personalized conversational style when possible we use conversational style to make for easier reading active learning we believe that learning is best when the reader is involved instead of doing a show and tell wherever applicable e g for schedule cost quality risk procurement there are workbook style exercises examples you will find lots of examples followed by its underlying concept or generalized step by step procedure this sequence makes it easier to understand concepts review from contact 1 i have studied various pmp guides and tutorials in the market but this book is different stands outs and would be the best companion guide to the pmbok

difficult concepts are presented in a style that is easy to follow the content is concise and supported by illustrative figures and tables this will save you from wasting your time on irrelevant or copious content in my opinion this is the only book you will need to pass the pmp exam other printed books and online sites have questions that are easier than the pmp exam and some wrong and answers and explanations the 400 questions are at the same level of rigor as you will find in the pmp exam i wish i had this guide when i prepared for the pmp exam andrew anderson pmp los angeles ca
